The NEWS extends its sympathy and good wishes.

Portsmouth, N. H., Sept. 5.—The peace treaty was signed at 3:52 p. m. M. Witte was the first to affix his signature. A salute from the navy yard signaled the signing of the treaty.

As soon as the firing of the salute of eighteen guns was heard all the church bells at Newcastle and Kittery and Portsmouth were rung as a sign of joy for about ten minutes, while flags were hoisted and general satisfaction was manifested.

Washington, D. C., Sept. 6.—A bulletin made public by the Controller of the Currency, shows remarkable strides in the extension of banking facilities in Kentucky since March 11, 1900, when the law took effect permitting banks with a minimum capital to bank 21, 1905, there have been organized in Kentucky fifty-five national banks of a total capital of \$3,970,000.

This is twenty-three more national banks than were established in the same period in all of the New England States—Massachusetts, Maine, New Hampshire, Vermont, Rhode Island and Connecticut. Only nine States in the union have more national banks than Kentucky during the last five years. Of the fifty-five new banks organized in Kentucky thirty-seven have capital of less than \$50,000 and eighty have more than \$50,000.

CURED OF BRIGHT'S DISEASE.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure."—Sold by Louisville Drug Co.

## OUR NEIGHBORS.

W. S. Harkins, Democrat, has been appointed a member of the county election board of Floyd.

Diphtheria is prevailing as an epidemic at Hubbardstown, having already resulted in two deaths.

Miram Hice, colored, well known on Sandy as a steamboat engineer, and formerly a resident of Louisville, was killed in Ironton Wednesday by a street car. He had been mentally deranged.

David M. McKay and his wife were blown to atoms by the explosion of forty quarts of nitro-glycerine in near Clarksville, Va. Only the axle of their wagon was found after the crash.

Winchester, Sept. 13.—In the Circuit Court yesterday the attorneys for it. F. French, who was fined \$5,000 for contempt of court, filed a motion for a new trial and Judge Benton will dispose of the matter Thursday.

A beautiful baby about five weeks old was found on the steps of the Blackstone building in Ashland Tuesday morning. The wife was adopted by Mr. and Mrs. Thomas Moore, it is supposed to be the child of a couple who went by the name of Fahn, and was born in Catlettsburg.

Beattyville, Ky., Sept. 10.—The State Council meeting of the Junior Order of American Mechanics met here Tuesday morning, preparations being made by the citizens of the town and local order to entertain between four and five hundred visiting delegates.

Jeff Hallett, of Salyersville, was tried before U. S. Commissioner, Ed Timney, in Catlettsburg, for carrying on the business of retail liquor dealer without having paid a special tax. He was bound over to the grand jury on two hundred and fifty dollars bond and failing to give same was committed to the Floyd county jail until the December term of U. S. Court.

Mr. T. M. Layne, of Laynesville, died Tuesday morning, at 4 o'clock, at the King's Daughters' Hospital, his death being due to pneumonia. He came to the hospital for treatment, about a week ago; and was doing nicely until Monday, when pneumonia developed, and the best medical aid was unable to check the disease. Mr. Layne was an uncle of Dr. P. C. Layne, of this city and was one of the leading men in the Sandy Valley. He was 62 years of age, and is survived by his wife and large family of children. The body was taken to Laynesville.—Independent.

Winchester, Ky., Sept. 13.—Sam Hise, the negro who is alleged to have assaulted Mrs. Hise near here some time ago, was brought here from Lexington on trial. His trial is set for Thursday morning. There is much talk of mobbing him, but the vigorous charge of Judge Benton to the grand jury on the subject of mobs, and the determined character of Sheriff McCord have allayed the affair in the mind, it is hoped. Judge Benton had wind of an alleged organized mob and called up the suppressed members and notified them to expect no quarter from him in case they took part. The sheriff has a strong guard at the jail.

Ironton is naturally much excited over the death of a little girl in that city, caused by gross neglect by its parents, who are Christian Scientists, so-called. Why these deplorable creatures should be called by such a misleading name, we are at a loss to know, for practically such as these are certainly not un-Christian-like and are surely very unscientific. The child died of lockjaw, the result of an injury to one of her feet, and the parents positively refused to allow any physician to give it any treatment whatever, the poor girl dying in terrible agony. The case is being investigated by the grand jury, and it is sincerely hoped that such ignorance and inhumanity on part of the parents will be punished. The father's name is Panekie, and he and his son, representing the Singer Sewing Machines Co., were in Louisville only a few days ago.
